

Baby Bubula Diaper Pail

written by Alan Kadish | August 20, 2015

Bubula is a brand designed and developed by people who have kids. Bubula products are premium products with functionality to make both yours and your baby's life better, with a pleasing and stylish design. Every step in the process, from product concept, engineering to production is performed by people who have kids ensuring our customers get the best quality and functionality to make both your life, and your baby's life, better.

Organyc Baby Wipes

written by Pure Living | August 20, 2015

- 100% certified organic cotton cloth
- Delicate organic formulation with chamomile and calendula
- Soft and gentle against your baby's sensitive skin, but strong enough that they won't tear while using
- Great for sensitive skin, as they DO NOT contain chlorine, parabens, SLS, or ethyl alcohol
- Dermatologically tested

Organyc Beauty Cotton Balls

written by Pure Living | August 20, 2015

- The Organyc biodegradable organic cotton wool balls are ecocert certified and vegan certified
- The quality organic cotton used has been grown without pesticides, working in harmony with the environment to support biodiversity using a natural pest system
- From cotton core to packaging, Organyc organic cotton wool balls offer optimum quality and purity

Organyc Beauty Cotton Rounds

written by Pure Living | August 20, 2015

- 100 percent organic certified cotton rounds ideal for personal care as well as cosmetics and more
- Both the cotton rounds and the packaging are made with renewable and sustainable raw materials
- All packaging and materials are biodegradable and compostable
- Besides cosmetic and personal care uses these cotton

rounds are also helpful for craft projects and pet care or cleaning fragile and hard to reach items and spots

- High quality rounds with the structural integrity you would expect from German engineering
